

No-Sew Asthma Inhaler Case.

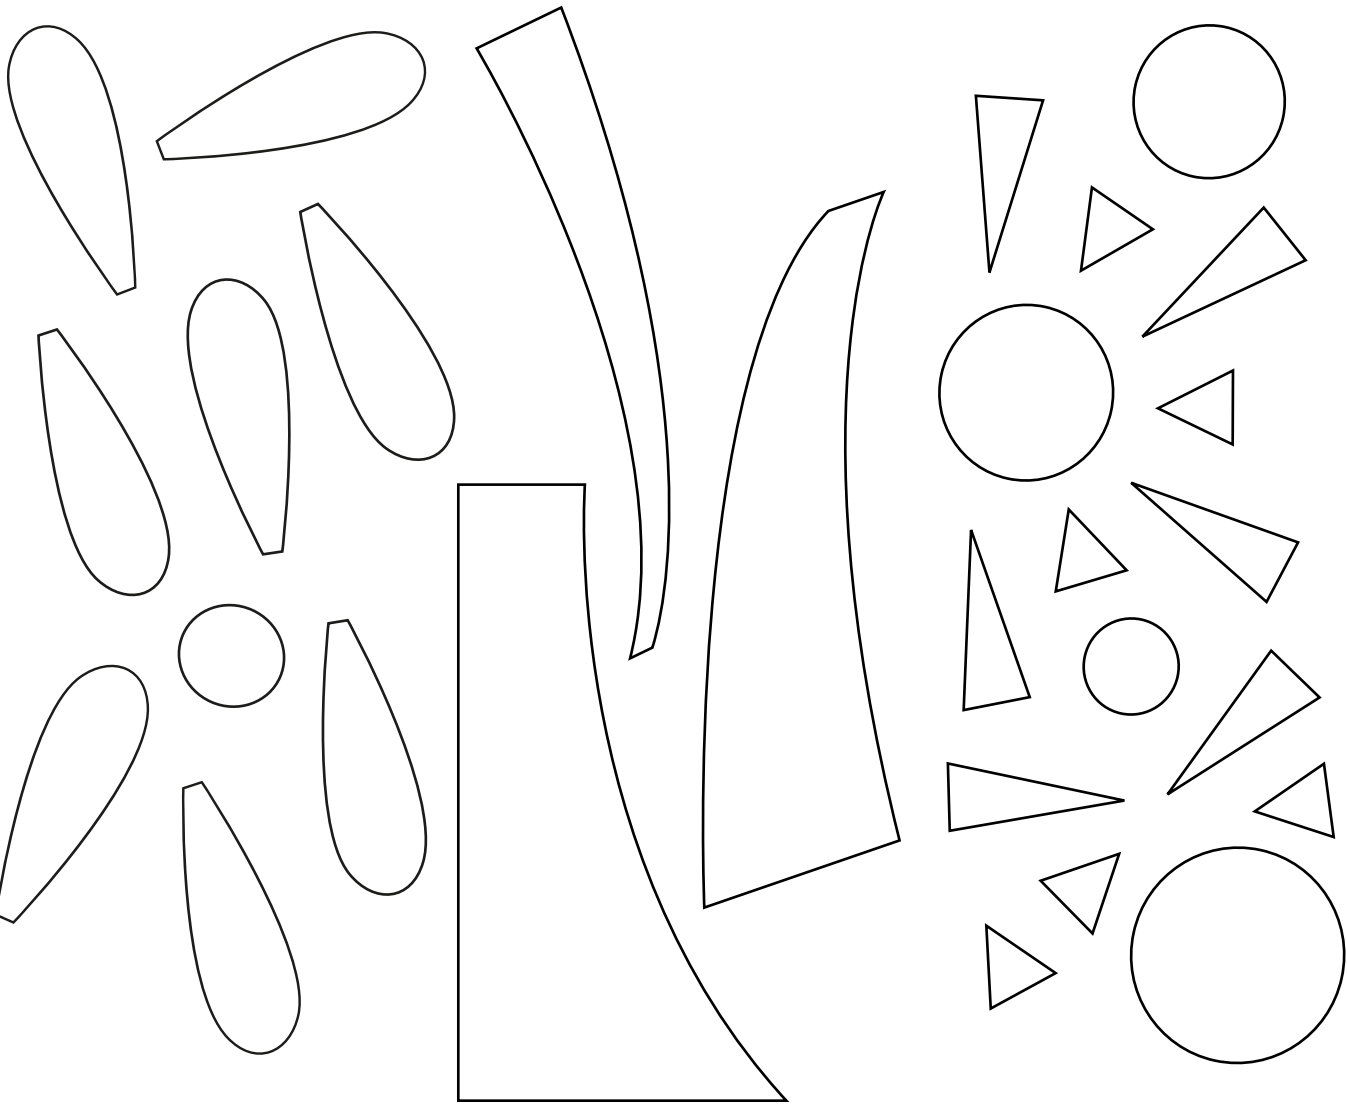

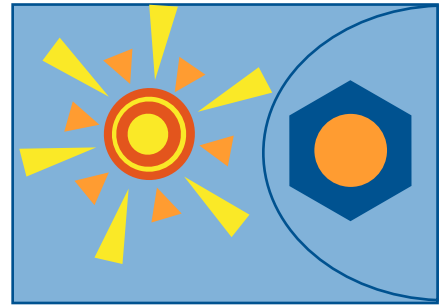

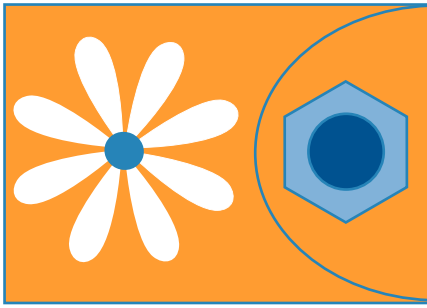

NOTE:

- Glue the shapes above and on the following page to your case to add decorative elements.
- Use a fine point permanent marker to add detail and your own artwork.

Instructions

- 1 Get the paper template guides ready by cutting the images above on the blue lines.
- 2 Put the paper guides on to colored felt and trace the edges with a fine tip permanent marker.
- 3 Cut the felt pieces out.
- 4 Apply glue along the two sides and along the bottom of the small case piece (above) Attach to the larger piece. Once the glue is dry gently turn the case inside out and attach velcro to the flap.

Instructions

- 1 Get the paper template guides ready by cutting the images above on the black lines.
- 2 Set the paper guides on colored felt and trace the edges with a fine tip permanent marker.
- 3 Cut the felt pieces out and glue them on to the inhaler case that you have already prepared.
- 4 Once the glue is dry use a fine tip permanent marker to add creative details.
